Key words: social personality, Janet's psychology, social feeling, history of psychology

Abstract

Janet's psychology and his social personality theory were reviewed. Personality is the social product, and the starting point of the social personality is the development of the basic feelings. The importance of Janet's view in the contemporary psychology was discussed.

要約

ジャネーの心理学とその社会的人格論が再評価された. 人格は社会的産物であり, 社会的人格の出発点は感情の発達である. 現代心理学におけるジャネーの見解の重要性が論議された.
